FASTENERS

Trex Hideaway Fastener System Solutions

When you want a deck that delivers above, beyond and below, choose to build with the Trex Hideaway® Collection. Made by Trex, for Trex, the fastener system delivers universal deck hidden fasteners, color-match decking and fascia screws, decking and fascia plugs, butt-joint clips and stater clips. Enhance Decking Plugs are the only Trex-approved plugs for installing Enhance decking, providing a safer installation with fewer components than competitors.

For a full list of approved fasteners, download our Installation Guide at trex.com/literature

*Although Trex Enhance Tide Pool and Honey Grove with heat-mitigating technology are engineered to be cooler than most other composite decking products of a similar color and style, on a hot sunny day, they will get hot. On hot days, care should be taken to avoid extended contact between exposed skin and the deck surface, especially with young children and those with special needs.
